CYBERTECHMIDWEST

CYBERTECH
MIDWEST 2022

July 20-21, 2022
Indiana Convention Center

We're excited to bring Cybertech back to Indianapolis!

The world is a much different place than the last time we were here in 2019. Now more than ever, cyber, and everything it encompasses, is a vital part of our lives. Please join us to learn about the latest cyber trends, startups, innovation and more!

Located between New York City and Chicago, Indianapolis is positioned at the intersection of America's manufacturing industry. The bustling city is the corporate headquarters to thousands of factories, logistics centers and transportation hubs along with economic engines such as banks, insurance companies, cellular, power plants and pharmaceutical giants. Cybertech Midwest will bring together leading figures from the region's business and cyber communities and from the public sector for a special two-day summit.

Dates: July 20-21, 2022
Location: Indiana Convention Center

# Cybertech Midwest 2022: between opportunities and vulnerabilities

On July 20-21, 2022, Cybertech will return to The Indiana Convention Center to take the main stage and discuss our ever-changing reality. **The Cybertech Midwest conference and exhibition** will feature the latest innovative solutions from dozens of companies and start-ups and top-notch speakers - senior government officials, C-level executives, and industry trailblazers from around the world. Since 2014, Cybertech has been the cyber industry's leading networking platform, holding industry-related events all around the globe.
